DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicants teach a method for operating a voice function including a speech recognition function and a function for outputting a voice memo in a dual-mode radio mobile terminal, the terminal including a vocoder for converting data between PCM format and packet format, comprising determining whether a request for the voice function is input while the dual-mode radio mobile terminal is in an analog communication mode, switching the vocoder into a digital mode to operate the voice function while the dual-mode radio terminal is in the analog communication mode, and operating the voice function in the digital mode. The steps of determining whether a request for the voice function is input while the dual-mode radio mobile terminal is in an analog communication mode, switching the vocoder into a digital mode to operate the voice function while the dual-mode radio terminal is in the analog communication mode. The cited prior art alone or in combination does not fairly disclose or suggest the claimed combination of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
